Masai Mara National Reserve

Kenya has some incredible wildlife destinations, but the Masai Mara National Reserve may well be the best of them all. This classic East African landscape of savannah grasslands, rolling hills, acacia woodlands and distant escarpments is itself impressive. But it's also the backdrop to one of the densest concentrations of wildlife on the planet. The Mara is known for its big cats, and this is certainly one of the best places to see lion, leopard and cheetah. You're almost guaranteed to see elephant, giraffe, buffalo, Thomson's gazelle, hippo, wildebeest and zebra, while black rhinos are possible in the Mara Triangle. And that's just the start. The Masai Mara is home to over 500 bird species too.

Lake Nakuru National Park

In Lake Nakuru National Park you'll almost certainly see black and white rhinos, endangered Rothschild's giraffes and, if you're lucky, tree-climbing lions. Leopards, flamingos and many different birds are also possible, with glorious scenery too.

Serengeti National Park

Unesco World Heritage—listed Serengeti National Park will almost certainly be one of the highlights of your safari, and it's the kind of place that very quickly becomes a favorite. That's partly because of the wildlife: this is one of the best places anywhere to see lions, leopards and cheetahs. Although every big cat sighting is special, they're only a part of the story here: there's a good chance you'll also see elephants, zebras, giraffes, wildebeest, buffaloes and spotted hyenas and much more. Many travelers' love affair with the Serengeti is also because of its landscapes: expect vast savannah grasslands, acacia trees and pretty hill country.

Accommodation | Day 3

Serengeti Serena Safari Lodge

Lodge

At the Serengeti Serena Safari Lodge, you're well-placed for making the most of everything that this extraordinary park has to offer. A good restaurant and large rooms with old-school safari decor make this a good base. But it's the hilltop location high above one of the park's most prolific wildlife corridors that you'll enjoy most. And when the migration is passing through, the plains down below can resemble a river of zebras and wildebeest.

Ngorongoro Crater

You'll learn why magical Ngorongoro is unlike anywhere else in Africa. Cloud forests encircle the crater rim, and the view out across the caldera of this former volcano – quite apart from the altitude – will leave you gasping for air. Your drive down a steep trail carries you onto the crater floor where a unique wildlife offering is added to the sheer beauty of the experience. You'll share the sunken ecosystem of the crater floor with hyenas, lions, elephants, black rhinos and hippos. An ecosystem that has formed in the crater in the millennia since the volcano wrought its terrible fury upon the land. It could just be one of your best safari days ever.

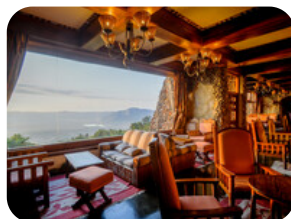

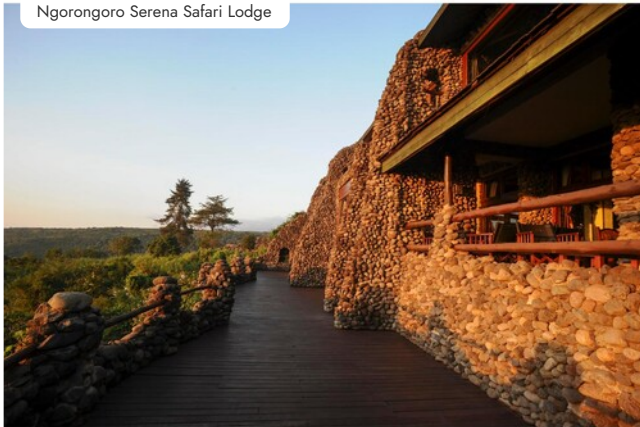

Accommodation | Day 6

Ngorongoro Serena Safari Lodge

Lodge | On the crater rim

The vastly experienced Ngorongoro Serena Safari Lodge is a superb choice. Combining bright, modern rooms with time-honored traditional safari decor, the stone-built lodge puts a premium on comfort and the warmth of its welcome. But the views here (from the rooms and from the restaurant) are simply extraordinary, taking in the crater in all its glory. There's also a busy bar with occasional Maasai cultural performances.

Tarangire National Park

Many travelers rate Tarangire among their favorite national parks anywhere in Tanzania. Here in Tarangire, you can look for lions, leopards, and cheetahs. But you won't have to look hard to see baboons, vervet monkeys, wildebeest, giraffes, hippos, buffaloes and zebras. And you'll come across elephants and baobabs everywhere, two giants of the African bush. Also an enjoyable part of your Tarangire experience will be the rolling savannah scenery, which includes rivers and low hills. And while it can get busy, crowds of cars will not be a problem here.

Accommodation | Day 7

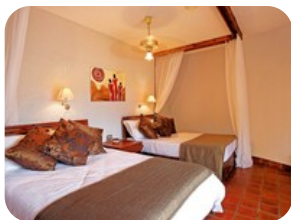

Tarangire Sopa Lodge

Lodge | Inside Tarangire National Park

Large rooms, some with balconies, all with bright safari colors and warm furnishings, are just the beginning at Tarangire Sopa Lodge. The location is first-rate, well away from most other lodges and in a good location for exploring the plentiful wildlife in the park's south. Sometimes the wildlife comes to you, especially elephants and baboons that often wander around the hotel. There's also a bar, restaurant, shop and swimming pool.

Amboseli National Park

You're in for a real safari treat when you visit Amboseli. It's one of Kenya's most beautiful parks, thanks to the fact that Mt Kilimanjaro, Africa's tallest peak (5895m), dominates most views here. Amboseli is also famous for its large population of elephants with big tusks, and you have an excellent chance of seeing lions, cheetahs, hyenas, zebras, buffaloes, giraffes, wildebeests and many gazelles while you're here. With 420 bird species recorded, it's also a great place for birding.
