You'll be visiting Lake Nakuru National Park, and it's a brilliant park to visit. There are so many highlights to look forward to. When it comes to wildlife, there are tree-climbing lions, endangered Rothschild's giraffes, and flamingos in varying numbers on the lake. This is also one of the best parks in Kenya for seeing both black and white rhinos. It's a beautiful park as well, with amazing views from the Out of Africa Lookout (some scenes from the 1985 film of the same name were filmed here), as well as waterfalls, acacia woodlands and pretty lake panoramas.

Evening Game Drive

You'll love the warm light and cooler temperatures as we take you out to explore on your evening game drive. This time of day is when both predators and prey are most active and it can feel as though anything could happen at any moment. This is when you'll most enjoy being on safari.

Masai Mara National Reserve

With the first light of dawn breaking over the Mara, you will set out for a full-day game drive, traversing the vast grasslands teeming with wildlife. The Maasai Mara is home to the legendary Big Five—lion, elephant, buffalo, leopard, and rhino—as well as cheetahs, hyenas, giraffes, and an abundance of herbivores. If traveling during the Great Migration (July to October), you may witness thousands of wildebeests and zebras braving the treacherous Mara River, where hungry crocodiles lie in wait.

Lunch will be served picnic-style under the shade of a towering acacia tree, allowing you to immerse yourself in the untamed beauty of the reserve. As the day progresses, you will track elusive predators stalking their prey, elephants lazily grazing, and perhaps even a pride of lions feasting after a successful hunt. As dusk falls, the golden hues of the savannah create an unforgettable sunset, painting the sky in fiery reds and deep purples.
